Explanation on the short holding period:
This exquisite piece by Albert Willem 🎨 debuted on our platform in June 2023, marking the second of his artworks we introduced to our customers.

Our decision to exit early from the investment in Albert Willem's artwork 🖼️, "A difficult moment during the driving test, 2021," stems from his remarkable artistic success achieved within a brief timeframe. As the best-selling artist on our platform, Willem's consistently impressive auction results prompted us to gauge the market's response to his works. This test proved immensely successful, with the artwork attracting a private collector within a month of its offer, affirming its robust market demand.

EXITED INVESTMENT

Albert Willem, A difficult moment during the driving test, 2021

The agreed exit price of GBP 69,000, equivalent to EUR 80,709, represents a substantial increase from the original issuance price of EUR 62,850 just 11 months ago on June 21, 2023. After factoring in a 2% exit fee, investors realized net earnings of EUR 16,490, marking an exceptional 26.2% value increase within this short period, surpassing our initial projections of around 16.5% annual potential.

Of course, the originally accrued maintenance fees 💶 which were not used, were provided back to the investors of this investment opportunity.

As you know, transparency 🔎 is important to us and therefore, you can find the sales confirmation and the divestment case in the documents section of this asset.

How does this performance compare to the traditional market?

This early exit opportunity boasts a remarkable realized profit of 26.2% after accounting for fees.

Compared to traditional stock indices such as the S&P 500, SMI, or as well Gold, which recorded value increases of 21.6%, 7.0%, and 22.7% respectively during the same timeframe, this early exit underscores the significant potential of alternative investments.
